

Julie Stoner

Director, Cerner Government Services

Meet Julie

As a director for Cerner Government Services, Julie Stoner focuses on connecting federal partners with the appropriate teams throughout Cerner, ensuring a unified vision for the successful delivery of the Department of Defense (DoD) and Department of Veterans Affairs (VA) programs.

She makes an impact on clients by providing strategic direction over Cerner's interoperable solutions in an effort to improve the lives and well-being of the U.S. veterans, service members and their beneficiaries.

Leadership experience

Julie joined Cerner in 2005 as a solution delivery consultant. She has held various leadership positions within the company such as integration architect and manager in Application Services and Consulting. Julie has special expertise with Cerner's for-profit clients and spent five years of her career on the cutting edge of domain strategy and support with Cerner's largest clients.

Accomplishments

During her time at Cerner, Julie continually delivers flawless results, from her instrumental role in winning the DoD bid, successful go-lives at their Initial Operating Capability sites and most recently her engagement in the VA and leadership of the Joint Programs. Julie remains on the industry forefront by advancing relationships with high-ranking government officials and helping ensure Cerner meets rigorous and dynamic federal standards.

Julie is a graduate of North Central College and has a Bachelor of Science in computer science. She also received a Master of Business Administration from Park University. As a previous member of the board of directors for the Junior League of Kansas City, Missouri, she has spent nine years promoting volunteerism and improving the Kansas City community. She has twice been selected as a Cerner Master, as well as awarded Strategic Impact of the Year and Federal Client Accountable Executive of the Year.
